DISCLAIMER

All efforts have been made to verify and collate information about Institutes included in the Directory. Information has been collected from various sources, namely directories, newsletters, Internet, telephonic verification, letterheads, etc.

However, NIPCCD does not take any responsibility for any error that may inadvertently have crept in.

The telephone numbers, e-mail IDs, focus areas of research, etc. change from time to time, hence NIPCCD may not be held liable for any discrepancy arising out of change or otherwise, included in the Directory.

FOREWORD

The quest for knowledge has led to the creation and accumulation of tremendous amount of information. This quest for knowledge knows no bound and limits and is never satisfied. It has continued since the dawn of civilization to the modern age.

Although, often unacknowledged libraries have always been playing a very important role in the educational scenario of the country. Libraries have become an integral part of almost all educational institutes.

Over the years, the meaning of Libraries have changed to a great extent. It no longer signifies a building where only books are collected. It systematically stores all sources of knowledge relevant for the members.

With the advancement of technologies, most of the Libraries are getting interconnected. Apart from the Libraries of the particular institutes, various public libraries have also come up to serve the needs of the educated.

Most of these Libraries not only allow the members to borrow books or other resources, but also provide reading rooms where they can study peacefully.

NIPCCD has tried to provide the details of various Libraries in the form of a directory which will be of immense value in guiding and helping students, researchers professionals and teachers.
